Dear Mr. Weisberg,

Thanks so much for sending the books I wanted. I have read Whitewash 1 & 2, and Oswald in New Orleans, and I enjoyed them very much. I especially found the latter book very informative.

I am very sorry if you misinterpeted my questioning on the F.B.I. reports you were seeking. My feelings in this matter are very sincere and I fully support your efforts to get these released to the American public.

I just finished talking with Mae and she ~~said that~~ received your book today.

This February I am planning a visit to Washington and the National Archives. While I'm in the area I would like

to meet and talk with you about your research.

I have been trying to locate a set of the Commission's Hearing & Exhibits. Would you know of a set that I could purchase? I realize the outlook on this is not too good, however I would greatly appreciate anything that you ~~could~~ might be able to do concerning this.

Thank-you again for sending the books.

Respectfully
Michael Cochran
